Professional

Arabic
Native

Experienced Full Stack developer with a focus on building user-friendly web and cross-platform mobile applications using cutting-edge technologies. Passionate about ongoing learning and staying up-to-date with the latest trends in software engineering.

WORK EXPERIENCE

Finteum
(Feb 2023 - Present)
Full Stack Developer

I'm part of a team creating a global financial market for intraday liquidity, enabling interbank lending for hours at a time. Using technologies such as React and TypeScript, as well as learning new ones like Kotlin and Scala, I build scalable solutions that meet the unique needs of our clients in the banking industry. My work, which includes utilizing Microsoft Azure, helps financial institutions better manage their liquidity and improve their bottom line.
